carport awning and patio

Dear client,

Thank you for considering Fresh Outdoor!

We understand that the backyard means more to you than just a place to sit. The outdoor space is the spice of the home. From key life milestones to everyday moments, these spaces are filled with laughter, deep thoughts, real-life, cherished memories or the anticipation of new ones waiting to happen.

Fresh Outdoor offers residential and commercial outdoor shade solutions for Sydney customers which we've successfully design and delivered over the last 10 years. All of our products are produced under strict control to ensure unparalleled levels of attention to detail. We have the knowledge, expertise, and skills required to help you meet your own outdoor project objectives.

2021 was a big year for us here at Fresh Outdoor, though certainly not without challenges. Our overall pergola and custom carport business showed 45% growth during the year.

Fresh Outdoor became the only Australia-based outdoor expert invited by Redfin, a Nasdaq-listed organisation which is the Apple in the US real estate brokerage market, to provide their global customers with our advice around outdoor living space in winter.

In addition, we'll officially open a new showroom in Sydney's prestigious north shore suburb Artarmon. Dozens of new outdoor products and designs will be installed and displayed by our friendly staff. You can find us at 3/38 Elizabeth Street, Artarmon, NSW 2064, easily reached by car or train. We look forward to welcoming you!

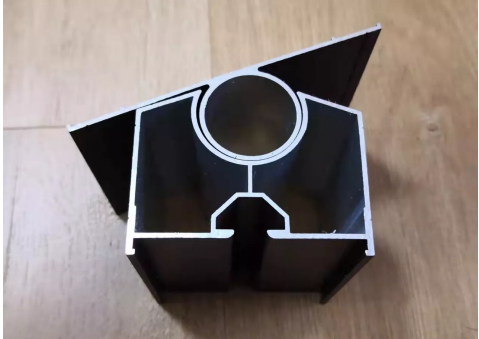

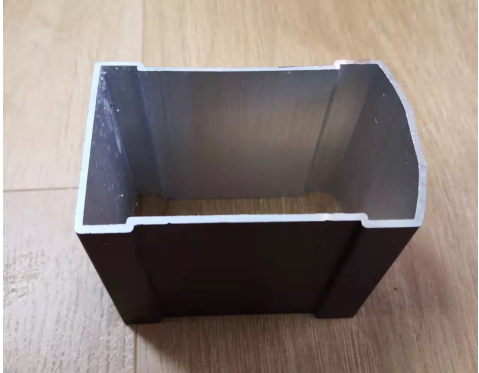

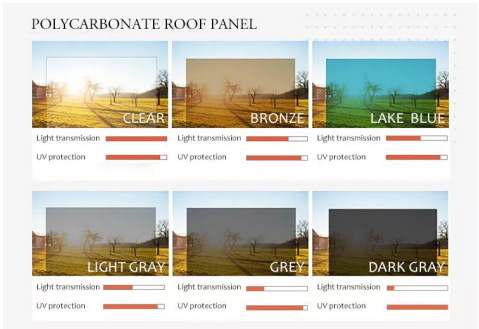

It might be hard to choose the best outdoor solution to suit your home, but we'll make your life easier. I will be here as your one point of contact throughout the entire process. Should you have any concerns or questions, please do not hesitate to contact me.

Best Wishes,

A handwritten signature in black ink that reads "Andy Shi". The signature is written in a cursive, flowing style.

Polycarbonate Carport, Awning & Patio

Client Testimonials

Our top priority is keeping our clients happy and helping them reach their outdoor life style goals. Here is what our previous clients had to say about working with us.

John from Vacluse

"The Fresh outdoor team was very clean, organised, we were very impressed!... We stay out here all the way till bedtime!... I think it's first class and definitely what you need for your home!"

William from Central Coast

"The gentlemen came and made sure that everything was well measured, then finished it in two days. It's very stable so I don't have to worry about strong winds at all. It hasn't budged, creaked, nothing! The craftsmanship is impeccable! "

Martina From North Rocks

"A European, very modern style..., I signed the paper work and here we are!... Everybody who comes to my place tells me it's totally amazing...It's beautiful, it has everything you want!"

Ready to Get Started? Here's Our Process.

EXPLORE

Every project starts with your vision- fill our blank page with every dream you have for your new space. This allows our designers to create pergola that fits your home and personal style.

DESIGN

This is when the magic begins. With both timelines and budget in mind, our designers build early detail of the 3D plan alongside you— collaborating on the fine details to keep the project flourishing in the right direction.

CRAFT

The Fresh Outdoor Design team members are more than just visionaries. Every pergola is manufactured strictly, ensuring that the quality we hand over is on par with our design and your vision.

COMPLETE

From start to finish, this project is carefully held in Fresh Outdoor's hands. We install your new pergola with as much attention to detail as the beginning stages. When your space amazes you, we know that we've done our job.
